

As your Brantford Lions Club Membership Chair, I submit;

- to encourage new members by developing a Brantford Lions Club website using "Lion Wap" - accomplished October 25, 2009.
- establish a data base of community contacts for prospective members e.g. Chamber of Commerce.
- follow up on previous letters to community organizations to which no reply has been received.
- Wilfred Laurier University students who have indicated interest in Lionism have been contacted to set up a branch club. Students have volunteered to assist with fund raising activities. Students have been advised what is required to form a new university club. An attempt may be made in January, 2010 to form a branch club.
- place advertisement in a new weekly newspaper.
- One new member sponsored by your membership chairman will be inducted Nov. 10, 2009.

Yours in Lionism,
Kent Butcher
