

Membership Plan – Centralia – Huron Park

Our club plan for lion year 2009-2010 is to induct 4 new members, hopefully more. As a club, we are all encouraging new people to come out and see what lionism is all about and asking them to attend lion functions, such as meetings and club activities. We are going to have an open house to the community to attract new attention to our club and in the process draw new members to our club.

Some other idea's are having a fun night, or euchre night, or doing a big breakfast and have members bring out friends and family members.

We will be sure to tell the prospective new members all about attending region and district meetings, and also educating them on the responsibilities of sponsorship, and all costs involved with becoming a member.

And last but not least we will emphasize the **FUN** we have being lions members.

Lion John Bruls
