

COME AND LEARN MORE ABOUT THE ELORA LIONS AND OUR COMMUNITY

The Elora Lions have been serving our community for over 60 years! So what does that mean? We as a group are involved in giving monies, organizing events and generally helping the community. Our main project this year and for several years in the future is the development of Bissell Park. We are presently constructing a Boardwalk along the river which will eventually extend to the footbridge across the Grand River. This will be complete with benches, barbeques etc. which will allow people to enjoy both the park and river.

We organize both the Fireworks at the Raceway and the Santa Claus Parade. We cannot do this all by ourselves, as we are only about 22 members it is a huge undertaking and we could use some help. (Either as new members or members at large). The Elora Lions invites all who wish to learn more about Lions and how you could assist with a special meeting on October 28. Please call any Lions member or:

Garner Patrick
Elora Lions Club Membership Chair.
