

Guelph Lions Club - *Membership*

Goals & Objectives for 2009 – 2010

Guelph Lions Club official membership tally stands at **24**, September /2009

Although we have warm, fun, and inviting *dinner* and *business* meetings, retention and growth for our club has not happened spontaneously. Therefore, for this coming year we are planning to hold the following activities to drive and retain membership.

- A special, non-business, Lions promo-only, *dinner* meeting with prize(s) to club members who invite the greatest number of guests.
- Development of a well-designed, colour, information pamphlet which describes our Guelph club's functions, purpose, history, fund-raising & service projects.
- *Possibly*, produce a DVD – digital video disk , describing our Guelph Lions Club's community activities.
- Stop procrastinating and put into action - "Talk & Do" – by sharing the good news of the "fun of Lion's service".
- Fund raise within Lions Clubs to reduce fees for 1st year and in need members.
- Reward and recognize significant contributions done by Guelph Lions Club members.

Through the above activities, it is my goal to grow our Club 25 to 30%.

Respectfully,

Claudio Leppe

Guelph Lions Club, Membership
