

**Zurich Lions Club
Membership Plan 2009-10**

We have not submitted our membership, I'm not sure if there is form to fill in or not, but in any event my goal is to add 2 members this year.

We have a had a great run at adding new members in the past few years. In 3 years we went from 7 members to our current 20. My challenge to our club members is for each member to ask one person.

I remember from the Region Rally one of the questions in the family feud game was why do people join the Lions Club? and one of the top five answers was "because someone asked". That is the phrase we should/could use more often.

If you need more info, get back to me.
